

**Lift the handle, turn the key, it's as easy as 1, 2, 3!**

Thieves are actively targeting homes with door handles that look like these.

Remember to lock the door with a key. Simply lifting the handle until it clicks is not enough to protect your home.

**Lift the handle, turn the key, it's as easy as 1, 2, 3!**

When you are inside always **remove the key** from the lock, to stop burglars hooking the keys out through the letterbox. Place the key in an easily accessible place so you can get out quickly.
